VOL. XXVI, NO. 84 GAINESVILLE, FLORIDA, SATURDAY, MAY 15, 1909 TEN CENTS A WEEK

McCREARY TEXT BOOK BILL ON THIRD READING

Motion to Indefinitely Postpone Measure Defeated by Vote of 13 to 8---House Session.

TALLAHASSEE, May 14.—County uniformity of text-books won the first round in the Senate yesterday when after a discussion that was warm at times a motion to indefinitely postpone the McCreary bill was defeated by a vote of 13 to 8.

Senator McCreary argued strongly for his bill and advanced many arguments in its behalf.

The strongest opponent was Senator Fred Cone, who argued for State uniformity instead.

The bill is now on final passage in the Senate, but a vote will probably not be called until next week, when more of the Senators are present.

Senator Cone in speaking against the measure, claimed that it is only a makeshift. He stated during his remarks that the school book trust has had its finger upon the throats of the people of the State.

"This corporation is a curse upon the State of Florida," he claimed. "No other corporation resorts to such dirty lobbying." He charged that all county bills were only attempts to hold off State uniformity.

Senator McCreary spoke in behalf of the measure, claiming that it would accomplish all of the good that State uniformity would accomplish. He strongly denied the statement that the bill is in the interest of any school book concern.

"I am not standing here in the interests of any school book concern," he said, "but I am standing here in the interests of the school children of the State of Florida.

"Such a plan has been carried out in Alachua county," he continued, "and has effected a saving of 33 1-3 per cent to the people of that county. It would do the same thing for the State. It would leave the matter in the hands of the counties. It would be local option."

The motion to indefinitely postpone was lost by a vote of 13 to 8, as follows:

Ayes—Hudson, Broome, Cone, Girardeau, Leggett, McLeod, McMullen, Withers—8.

Nays—Adkins, Beard, Buckman, Davis, Dayton, Harris, Henderson, Hosford, Humphries, Johnson, McCreary, Sams and Sloan—13.

Senators Baker of the Twenty-ninth and Cook paired, Senator Baker voting aye, and Senator Cook no.

The further consideration of the bill on third reading was postponed until Monday.

THE HOUSE.

Much of the afternoon session of the House yesterday was taken up with the discussion of the uniformity of text-books question. The bill by Mr. Carn of Marion was thoroughly discussed by its author and then went over as a special order.

The House passed the famous bill by Mr. Wiggins of Escambia, providing that the gopher shall be protected during the summer months. Its capture is forbidden during that time. The bill as passed by the House, however, was amended so as to refer only to West Florida.

The most important measure introduced was the Jacksonville charter bill.

Senate Bill No. 356, by Mr. McCreary, to abolish the present municipal government of the town of Newberry, in the county of Alachua, and to establish, organize and constitute a municipality to be known and designated as the city of Newberry, to define its territorial jurisdiction, powers and privileges, and for the exercise of same, was passed.

Negro Murderer of Sheriff Langston Sentenced to Hang

TALLAHASSEE, May 14.—On trial for his life, Mick Morris, a negro, pleaded guilty to the murder of W. M. Langston, late sheriff of Leon county.

This negro, whose fate has been the cause of so much uneasiness to the citizens of this county during the past two months, was brought here Monday morning from Jacksonville, where he has been confined since his capture in Thomas county, Georgia, about six weeks ago. The grand jury immediately brought a true bill against him and his trial was set for yesterday.

One hour's time was sufficient to prove the prisoner's guilt beyond all doubt. He himself corroborated the evidence given by the State's witnesses and pleaded guilty to the crime of murder in the first degree, whereupon Judge Malone, without referring the case to the jury, pronounced against him the death sentence.

The unfortunate negro had refused the offer made by the court of special counsel for his defense, evidently expecting that a full confession would gain for him some clemency, and the unlooked-for severity of the sentence brought about a complete physical collapse.

For two nights past the sheriff and citizens have been on the alert to prevent a lynching of the negro. Sentiment in that part of the county which was Mr. Langston's home has been strongly against any delay in the avenging of his murder, and since Morris' return here, crowds of men have lingered about determined that the guilty man should not escape.

In view of these facts, about forty of the most prominent and representative business men of the city, including lawyers, bankers, doctors and merchants, waited upon the Governor yesterday morning and placing before him the foregoing facts, asked him to see that no unnecessary delay should occur in fixing the date of Morris' execution. These men deemed it necessary for the public peace that some expression from the Governor should be obtained that would serve to satisfy the disaffected citizens that justice would be done as speedily as is consistent with the demands of decency and mercy.

Governor Gilchrist promised to take the matter under advisement and asked that a committee of six, selected from the delegation, should wait upon him in the executive office in the afternoon. There the matter was exhaustively discussed and the committee was assured that the sentence would be carried out within thirty days.

J. B. Young, grand master first veil, Inverness.

John W. Capper, grand guard, Jacksonville.

HILL WANTS CONGRESS TO CUT OFF "HOT AIR."

WASHINGTON, May 14.—James J. Hill, the railroad magnate, called on President Taft yesterday. He expressed the belief that if the tariff agitation was cut off short, that if the oratorical steam in Congress was shut off, the country would begin a great era of prosperity at an early date.

"All eyes are turned on Washington," said Mr. Hill. "Some people seem to think that legislation will cure the toothache, set a broken limb or make crops. Talk and agitation here in Washington keep people in suspense, make them forget their business and hope for some legislative cure-all. What we want is to have the tariff agitation over with and let the people get back to work and aid the great wheels of progress to turn. Things will begin to hum. The outlook is good in all directions."

TWO NEGROES CAPTURED.

SAVANNAH, May 14.—After being trailed day after day by dogs through the swamps of Wayne county, two of the three negroes who escaped from the county jail at Jesup, Ga., after almost killing Deputy Sheriff Madray, were captured yesterday, and were brought to Savannah for safe-keeping to escape the lynching threatened from the moment Deputy Madray was found with his skull broken and prints of the negroes' boot heels in his face.

The captives were caught in a boat they had stolen, and while they were trying to row the Altamaha river to the sea. Feeling is high against them.

PEN FOR TOO MUCH LOVE.

KANSAS CITY, May 14.—Charles E. Nord, a real estate broker, accused of winning the love of a number of women in various cities, including New York and Chicago, and induced them to part with their money, was yesterday sentenced to five years in the penitentiary. He was specifically charged with obtaining money from Mrs. Carrie Hamilton, a milliner, by false pretense. The sentence imposed was the maximum penalty.

ACTOR ACCIDENTALLY SHOT.

LAURENS, S. C., May 14.—J. Ross Wilson, member of the Demorest Comedy Company, was shot last night accidentally by Dick Lewis just before the performance at the opera house. The bullet entered the lower abdomen. Physicians say the man will probably die. Wilson is married and is a native of Sullivan, Ill.

DECISION MEANS SEVERE BLOW TO LUMBERMEN

Standing Master Talley's Opinion of Claims in Famous Tift Case Against Railroads.

MACON, May 14.—A knockout blow was dealt the lumber manufacturers in an opinion filed yesterday by Standing Master J. N. Talley on the f. o. b. claims against the railway lines of the Southeastern Tariff Association in the famous Tift lumber case.

In effect the mill men are without reparation adequate for injury done in the collection of the over charge of 2 cents per 100 pounds on lumber to Ohio river points and beyond where the merchant and consumer bought and made a price f. o. b. cars at the mill.

The claim for the 2 cents on this class of shipment of lumber by the mill men was based upon the ground that, after all, whether price was made at the mill or at the other end of the line the freight had to be figured, and where the producer did not pay the freight the principle was the same, for whether high or low it affected the final price received by the mill man for his goods. The assertion was made by more than fifty claimants that the mill man is the real sufferer and not the lumber merchant in all cases where there is an increase in cost of transportation.

Standing Master Talley found that the sales outright at the mill were little affected by the freights, especially in this case, for in many instances the shipper did not even know where the lumber was going. The master found several people claiming overcharges on some of the cars listed and in other specific cases he found that the lumber shipments had been so directed that they could not be classed under the decision which gave reparation.

The specific case under the master's attention was that of the Garbutt Lumber Company of Wright, Ga. This mill claimed $4,486 on overcharges for 555 cars of lumber sold f. o. b. mill during the time the litigation in the Tift case was on. It was found along with other things that the mill did not make reductions on lumber to Western markets where this rate was in effect. It was further set out in the ruling that as this is not a claim for damages the litigation cannot be considered in this light, but were such a thing true, says the master, such damages as might be sought are decidedly remote and speculative. Should such procedure be desired by the mill owners, Master Talley suggests to the court that they should be allowed to bring in the paid freight bills so that a more specific claim may be then made.

Nearly seventy-five large mill men in the Georgia-Florida Sawmill Association had claims pending and were relying upon the Garbutt case to sustain their own. More than $100,000 of the money claimed by the mill men is thus to be kept by the big railway lines.

The master's decision will go before Judge Speer for his approval or rejection. Should the finding be approved the last of the Tift case will be heard in consequence.

Garrett to Resign Presidency Seaboard Air Line

BALTIMORE, Md., May 14.—Confirmation was had yesterday of the report that W. A. Garrett, president of the Seaboard Air Line railway and chief executive officer under the receivers of the road, would resign his position. Mr. Garrett will, however, remain with the railroad in his present capacity until Nov. 1, next, at which time he will become vice-president of the T. H. Symington Company of Baltimore, extensive manufacturers of railway equipment.

Mr. Garrett said that to handle properly and economically the enormous volume of business that will be offered in the next few years by the shipping public, the railroads must make large expenditures for terminals, additional facilities, power and equipment and he believed the manufacturing field, especially the manufacture of staple iron and steel products, was a broader one and offered greater rewards than the railroad service.

Kermit Roosevelt Kept Busy Killing Big Game

NAIROBI, British East Africa, May 14.—The Roosevelts' hunting trips continue to be successful. The animals that have most recently fallen before his gun include two giraffes and a rhinoceros. Kermit Roosevelt, his son, has succeeded in bringing down a big bull giraffe. Mr. Roosevelt yesterday visited the American missions at Machakos.

The entire party will break camp near Machakos today and move to the Ju Ja ranch of George McMillan. All the members of the expedition are well.

The American missions referred to in the above dispatch are maintained by the Africa Island mission and are in charge of Mr. and Mrs. Charles F. Johnson. The object of the work is the evangelization of the interior tribes.

NIGHT RIDERS GIVE BOND.

WAVERLY, Tenn., May 14.—The fourteen alleged night riders who were convicted Tuesday of whipping 'Squire J. M. Reece, and who were sentenced to ten days in jail and a fine of $500 each, made a motion yesterday for a new trial. This was denied. Bail of $2,000 for each of the defendants was agreed on and Judge Cook suspended the fine and costs in each case until the next term of court.

WELLMAN WILL TRY TO REACH NORTH POLE

HAS WRITTEN LAST ARTICLE ON THE TARIFF QUESTION.

His Decision Will Be Great Relief to Messrs. Aldrich, Cannon and Dalzell—Will Sail in August.

WASHINGTON, May 14.—Walter Wellman, to the great loss of the Democratic party, has written his last article on tariff-making at the special session of Congress.

Wellman will devote his time for the next couple of weeks preparing for another attempt to reach the North Pole in an airship.

Wellman was in the midst of a campaign of expose of the Aldrich-Cannon-Dalzell crowd, when his newspaper, The Chicago Record-Herald, announced his intention to give up newspaper work for the present and to fit out another expedition to go in search of the North Pole.

All of which will undoubtedly be a great relief to the said Messrs. Aldrich, Cannon and Dalzell, and perhaps to President Taft, whose inability to manage the "Big Three" was frequently set out by Wellman in a striking manner.

Wellman's departure from the field of tariff debate right at this moment is of political importance. Wellman has a following in the West that causes political managers to take notice of what he writes. What gives his writings more or less importance politically is that in addition to thousands of personal readers, hundreds of editors of independent newspapers throughout the West republish parts of his articles and follow his lead frequently on big parliamentary questions.

Wellman supported Taft. His paper is an "administration" paper, too. However, Wellman has scored the Payne bill and its high duties unmercifully from the day it was reported. He has not referred to the President with much frequency, more than to make it plain that the Aldrich crowd is the real head of the Republican party, and that no matter what Taft wants, he will have to take what Aldrich wishes him to.

"We regret and deplore the fact that Wellman is leaving Washington just at the moment the fight is hottest," said a Democrat of prominence today. "We believe Wellman has made thousands of votes for the Democratic party. No doubt the stand-patters and all those whose sympathies are with the stand-patters, will not shed any tears over the fact Wellman has written his last article on tariff revision."

In his farewell article Wellman states that the trip he is about to undertake is not being financed by any newspaper, but by friends in the East. He expects, conditions being favorable, to sail in the Airship America from Danes Island, Spitzbergen, sometime in August. The America, which is the second largest airship yet built, will carry when it sails for the pole a crew of three men, three tons of gasoline for the engines, food for a year, sleds, sled dogs, and other requisites for a sojourn in the arctics.

"The quest for the pole the writer regards as unfinished work," says Wellman, "and there is something in every man worth his salt which impels him on to finish, or at least to try to with all his might to finish, that which he has begun. Even those who disapprove of the judgment, or impulse, which led to entrance upon this task—and they are many—may be more lenient in their opinion of the pertinacity with which it is followed up.

"To reach the North Pole has been the ambition of many through the centuries. It is the last great thing to be done in working out the destiny of man to explore, conquer and know all of the earth that was given him to live upon to rule. The quest of the North Pole—and the South Pole—is a law of gravity within man. It is the all-impelling instinct to know all of the unknown; it matters not where—in the depths of the sea, high in the air, in the mystery of the origin of life, in the greater puzzle of the hereafter, in the whisperings of the occult world, in the geologic records of the ages past, in the minutiae of chemistry, in the solar space—everywhere and as to everything, from the planets to atoms, man wants to know, feels that he must know.

"The North Pole stands as the center and symbol of a vast unknown region. To make this unknown known is one of the highest ambitions of man. The utilitarian value of that knowledge is perhaps nothing. Its scientific value is a matter of opinion and discussion. But the true scientific spirit is: 'Wherever in all the realm of physics there exists as unknown, a missing link, a dark spot, go find what is there, and discuss its value afterward in the light of the knowledge gained."

A Delightful Occasion.

A large number of young people assembled at the home of Mr. and Mrs. W. G. Boltin, East Union street, Friday afternoon in response to invitations announcing the eighth birthday of their daughter, Miss Bena.

The hours were from 4 to 6, and a jollier or more delightful two hours were never spent by the young folks.

Little Miss Bena was the recipient of many appropriate and useful presents which will serve as mementos of the occasion in future years.

During the afternoon delicious refreshments were served.

TWO MORE CASES FRIDAY.

S. P. C. A. Members Endeavoring to Stop Cruelty to Animals.

The members of the S. P. C. A. have gone to work in earnest after the violators of the law in regard to dumb animals and already three cases have been docketed and convicted for offenses of this character.

On Friday Judge Mason had before him Bob Walker, a negro who had mistreated his horse, and he was given a fine of $10 and costs or thirty days in prison.

Sam English, who had a horse that could scarcely move, was given $10 and costs or thirty days, but allowed to go provided he would feed and properly care for the animal and not work it for the next thirty days.

Members are vigilant and will soon commence a movement to take the animals and care for them and make the owners suffer the loss of their stock and pay the fines if the practice of abuse is not discontinued.

Anent the Sprinkler.

Editor Sun: For a community aspiring to be called progressive it would be a misfortune not to be able to provide an apparatus to wash the streets and to keep down the dust. By what means shall we call the people's servants if the tax-payers have purchased an up-to-date sprinkler, have ordered their servants to liberally use it, and instead find the same locked up eleven months in the year if not longer? Would any sane business man keep an employee on his pay-roll who persistently refused to do as told? As we, as a municipality, have unfortunately not advanced far enough in municipal science as yet as to embody the "recall" in our law, we can only appeal to the conscience and honor of the gentleman having the operation of the sprinkler in charge to resign, if the pursuit of his private business does not permit him to spare sufficient time to devote to the duties he has voluntarily shouldered and to give way to another man who can and will.

As the friend of the people The Sun has frequently devoted space and effort to have the sprinkler put in commission, and we do not blame the editor of getting tired of the subject, and were it not the clouds of dust whirling about our streets make life simply intolerable, not to speak of the endangered health of the citizens, we would not trouble to air the above once more.

SUFFERERS.

Gainesville, May 14, 1909.

Everybody is likely to have kidney and bladder trouble. In fact nearly everybody has some trouble of this kind. That is the reason why you so often have pains in the back and groin, scalding sensation, urinary disorders, etc.—that's your kidneys. The best thing to do is to get some of DeWitt's Kidney and Bladder Pills right away. Take them for a few days or a week or so and you will feel all right. In this way, too, you will award off dangerous and possible serious ailments. They are perfectly harmless, and are not only antiseptic, but allay pain quickly by their properties. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all druggists.

Mitchell to Bartow.

Charles Mitchell, last season the star right-fielder on the Oak Hall team, who has been here for the past few weeks, left Friday for Bartow, where he has signed to play with the Bartow team in the South Florida League.

Mitchell, by his clever work on the diamond, made many friends as a member of the Oak Halls, and was admired by all lovers of the National game. He has a fine average, his fielding being 1,000, while he wielded the willow to an average of 440, which is among the best batting records of the season.

WORK COMMENCES NEXT WEDNESDAY

FOUNDATION OF GOVERNMENT BUILDING WILL BE STARTED.

President King of the King Lumber Company Now Here for Final Arrangements.

Work will be resumed on the Government building next Wednesday, when the contractors will start the force at work putting in the concrete foundation for this mammoth structure.

W. W. King, president of the company which has the contract for its erection, arrived in the city Friday and stated that he hoped to get busy without further delay on the building, and that if the steel structure and other material ordered arrives on time they would commence the work right after finishing the foundation.

All of the material so far submitted has been approved and accepted by the Government and the orders have been placed for the same to be gotten out by the contractors and forwarded to this point as early and fast as it is possible to do so.

Mr. King stated Friday that nothing is now in en route here except the tools, engines and derricks, all of which he hoped would arrive and be in readiness for his superintendent, Mr. Foy, to commence work at the time specified, next Wednesday at the latest.

A large part of the material has already arrived for the foundation work, and as the sand, rock, etc., has all been accepted from Gainesville parties, there is practically nothing to be purchased elsewhere but the cement, and this has been shipped, a number of carloads having already been received, and others will arrive as fast as wanted.

DEATH OF JAS. PARDUE.

Former Citizen of Gainesville Dies at Bay Biscayne Thursday.

The remains of the late James Pardue, who died at his home at Bay Biscayne on Thursday, arrived in the city Friday afternoon and were taken to the home of his son-in-law, N. Wells, North Gainesville.

He was about 65 years of age, and up to a few years ago was one of the most prominent and successful vegetable growers of North Gainesville, but realizing the many advantages afforded the truckers on the East Coast, took up his residence in that part of the State.

Deceased was well and hearty up to within a short while of his death, which was due to heart failure, and the news will come as a great surprise to his numerous friends here and elsewhere.

The funeral arrangements have not been announced but it is thought that the funeral will be held sometime during Sunday, announcement of which will be made later.

Tea for Miss Hampton.

Of the many little parties this season none have been more delightful than the pretty little five o'clock tea given Wednesday by Mrs. Oliver Grant Weston in compliment to Miss Catherine Hampton of Gainesville, who is the lovely guest of her aunt, Mrs. G. C. Crom.

Mrs. Weston had the piazza of her Oklawaha home artistically decorated with pink oleanders and on the lawn were rugs, chairs and settees, which added a charm to the appearance of everything.

The twenty guests, including boys and girls, were greeted informally by the hostess on the front steps who in turn introduced them to the honor guest. Miss Hampton wore a blue messaline hand-embroidered and exquisitely fashioned gown.

A tea table with its dainty appointments was placed at one end of the veranda and Mrs. Crom poured the delicious beverage, brewed in a copper tea kettle, which was passed to the guests by Miss Olive Weston and Mr. Harry Weston, the lovely and handsome daughter and nephew of the house, assisted by Miss Elenor Crom and Mr. Curtis Crom. With the tea, nut sandwiches were passed and then strawberries and nabiscoes were served.

The hour spent with Mrs. Weston was greatly enjoyed by the following: Misses Hampton, Ethel Robinson, Edna Dozier, Frances Anderson, Sue Anderson, Hope Robinson, Alice Bullock, Sarah Davis, Annie Atkinson, Mrs. H. L. Anderson and Messrs. E. J. Mills-Price, Phil Robinson, Robert Anderson, Jr., Frank Harris, Jr., Julian Robinson and Judge Bell.—Ocala Star, 13th.

Nice Crowd for Springs.

The excursion rate placed on the regular trains of the A. C. A number of Gainesville people went up in the afternoon to be present at the closing of the day's festivities.

MANAGER DAVIS IS NOW GETTING BUSY

BASEBALL SEASON TO START IN EARNEST NEXT MONTH.

A Number of Good Players Already Arrived, and Will Be Given a Chance to Show Their Ability.

Manager Henry Davis, of baseball fame, states that he will be ready to begin the organization of his famous Oak Hall ball team within the next few days. In fact, he already has several men secured, and is only waiting for the rest of the State to get busy and organize before putting his men to work, which will be not later than the first of next month.

Very little outside assistance will have to be gotten together, as there is some of the best baseballists in the State now making Gainesville their home and who have good positions and will play for all they are worth in all the contests.

Watson, with a few of the other old-time favorites, will soon join the forces in Gainesville, and would have already shown up, but Manager Davis advised him to wait until the first of the month.

Another reason why he has delayed this matter is the fact that when we will want the ball team the most, the other clubs of the State will be disbanded or afraid to get up against the Gainesville proposition and it would be a hard matter to get games.

With all the other clubs now forming, and some of them playing, it will be only a matter of a few weeks before Mr. Davis will announce the fact that he is ready to "play ball."

MRS. BECKER'S MUSICALE.

Given by Members of Her Class on Wednesday Evening.

Several of the members of Mrs. R. A. Becker's class gave a musicale at her residence on Wednesday evening.

This was the last of a series they have given this season—two before Christmas and two after. The music throughout was of a high order and showed signs of careful training, both in the vocal and instrumental. Special mention might be made of the piano solos of Miss Margaret Merchant and Miss Mary McKinstry; these were exceptionally good.

At the close of the program Miss Franklin kindly gave two selections and Mr. Clark, on his famous "Bobby Burns" violin, charmed the appreciative audience by a selection of Scotch airs.

Delicious refreshments were then served.

There were between forty and fifty present and all thoroughly enjoyed the evening.

The program:

Piano Duet, "Danse Rustique"—Helen Harrison and Irene Perry.

Piano Solo, "Alice Waltz"—Alma Mixon.

Song, "I Dream of Thee"—Margaret Merchant.

Piano Solo, "Rain Drops"—Ruth Doig.

Song, "I Wait for Thee"—L. Patton.

Piano Solo, "Kentucky Home"—Irma Vidal.

Song, "True Hearts"—Valeria Bennett.

Piano Solo, "Mayweka"—Margaret Merchant.

Song, "Dutch Lullaby"—Mamie Perry.

Piano Solo, "Les Souttes D'lau"—Nellie Albright.

Piano Solo, "Echoes of the Lagoon"—M. McKinstry.

Vocal Solo, "Starlight"—Valeria Bennett and class; violin obligato, Hugh Becker.

Piano Duet, "Impromptu a la Hongiois"—Eloise Douglass and Clara McDonald.

A Living Skeleton

Is the final condition of any child that has worms—if it lives. Think of having something in your stomach that eats all you take as nourishment. Nine-tenths of the babies have worms—maybe yours has. Be certain that it has not by giving it White's Cream Vermifuge. It expels all worms and is a tonic for the baby. Price 25 cents. Sold by W. M. Johnson.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Governor Gilchrist has appointed Henry W. Curtis of Quincy to be Assistant State Auditor, succeeding W. B. Sadler.

Dispatches state that a boom has been launched looking to the election of Theodore Roosevelt as mayor of New York.

Representative Chase of Duval county has introduced a bill in the House giving Jacksonville a commission form of government.

Morse, the ex-banker of New York who was once rated at $30,000,000, is now a pauper prisoner, all because of monkeying too much with the banking laws.

The Legislature of Missouri has adopted a prohibition amendment to the State constitution and the people of that State at the next general election will have an opportunity to vote for or against State-wide prohibition.

The list of text-books adopted by the Board of Public Instruction for use in Alachua county for the next five years was published in yesterday's issue of The Sun and should be carefully read by every teacher and school patron in the county. In a number of instances the price of books has been greatly decreased and the new contract is calculated to save the people of the county quite a sum over prices previously paid.

In regard to the appointment of officers for the new county of Palm Beach, Governor Gilchrist has written the chairman of the Democratic Executive Committee that he prefers they be elected by primary. "I think that there could be found three men in each precinct who would serve at such election without pay," says the Governor. "In this way an election would cost but little. However, if the sentiment of the county is crystalized in favor of certain men for the various offices, and the county is practically unanimous on the subject, nomination by executive committee would suit me."

STATE PRESS COMMENT.

That Electric Chair—Representative McKenzie of Putnam county wants to abolish hanging in Florida substituting therefor death by means of the electric chair, Jacksonville to be the place of execution for the entire State. That would never do. Crime would increase at a terrible rate, for what criminal would hesitate to do violence to his fellow-man when he would know that he had a good chance for a "free trip to Jacksonville?"—Madison New Enterprise.

The Board of Pardons—It is refreshing to read the reports of the Board of Pardons, now published immediately after each meeting. The two previous administrations pardoned a large majority of all who asked for one. Now, the case is different. The pardons granted form a very small part of those requested, and the board intelligently investigates every reason advanced in favor of a pardon. The respect for law will be greatly strengthened if the present board continues the practice it has so successfully inaugurated.—Miami News-Record.

CLARK SPEAKS OF BRYAN.

The Savannah News of Thursday speaks editorially of Congressman Frank Clark and Hon. William Jennings Bryan as follows:

"On his return to Washington from Tallahassee, where he addressed the House in response to a resolution criticising him for his attack upon Mr. Bryan in a speech in Congress on the tariff question, Representative Clark of Florida declared that Mr. Bryan was down and out as the Democratic leader, and that he would welcome that issue in his campaign for re-election next year.

"There is no particular reason why Mr. Clark should be particularly disturbed by threats of opposition in his district because of his refusal to recognize Mr. Bryan's leadership. Of course Mr. Bryan has many friends in Florida as he has in all other States, but all the signs indicate that his leadership of his party is in name rather than in fact. The real leaders of the Democratic party are not counting upon Mr. Bryan to render any further service of consequence. In fact, they are not considering him in connection with the Presidential nomination in 1912. If they were, it would be right and proper to respond to his wishes and take account of his views in all party matters. That the party isn't doing. It is true that there are Democratic Congressmen who consult him respecting questions that come before Congress, but the number, from all accounts, isn't large. He isn't having much to say respecting the pending tariff bills, though now and then he has something to say about tariff principles in a general way.

"It isn't known of course whether Mr. Bryan will be a candidate for the Presidential nomination of his party in 1912, and he doesn't know himself. If he sees a chance to get the nomination there is no doubt that he will make the most of it. If he should get the nomination again he would have the distinction of being nominated for President oftener than any other man. He might regard that distinction worth having and working for. But the leaders of the Democratic party are not going to risk losing another Presidential election simply to gratify Mr. Bryan's ambition to be nominated for President oftener than any other man.

"Representative Clark is of the opinion that he could be re-elected to Congress even though Mr. Bryan should canvass his district against him. He knows his district pretty well and he undoubtedly feels safe in challenging Mr. Bryan to try to defeat him.

"The friends of Mr. Clark in Florida have no feeling of hostility to Mr. Bryan. They simply feel that he cannot be elected President, and that therefore he shouldn't complicate the situation by maintaining an attitude of willingness to accept another nomination. They think he should state frankly that he gives up the leadership so that Democrats could seek another leader.

"My Bryan isn't going to Florida to make a canvass against Mr. Clark. In fact there is no good reason for thinking that he would care to bring about Mr. Clark's defeat, even if he could, and it is pretty certain that he couldn't even if he wanted to. It is a safe statement that his influence with Democrats is steadily declining."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

INCREASE OF PENSIONERS.

The Legislature of 1885 made the first appropriation of about $35,000 for pensions, and for a number of years the appropriation was gradually increased and the number on the pension rolls slowly added to. When Hon. W. S. Jennings became Governor in 1901 there were less than 800 pensioners on the rolls. During that administration the number was increased to about 4,000, and, under Governor Broward's administration there was a further increase to over 6,000.

The tax now levied for pensions is four mills, which yields about $600,000. This amount is wholly inadequate to pay the pensioners on the present rolls, who are very rapidly increasing. The indications are that a six mills tax will be required to meet the pension payments. This is several times as much as any other State is paying for pensions. It behooves the Legislature to make the tax levy for other purposes as low as possible, so as to avoid any unnecessary increase in the present high tax rate. The levy for general revenue purposes should be reduced if possible. It has been much lower than it now is. During the last year of the Jennings administration the tax levy for State purposes was about the lowest ever made. That year the levy for general revenue purposes was only one-half mill. It is to be hoped that the Legislature will be able to reduce the levy at least one and one-half mills, which will be a great relief to overburdened taxpayers.—Tallahassee News.

CURRENT COMMENT.

The Charlotte Observer says: "Of course the South needs to make its advantages known. The Western boomers are far ahead of us there. Our people should not imitate their tricky devices—as where they represent opportunities now to be what opportunities were in years before the desirable West had been thoroughly staked off, settled and held at high prices; but it is certain that the South does not advertise nearly enough. Less bad advertising through lawlessness and more advertising of the right sort will do wonders."

The New York Times says: "While Porto Rico is the least troublesome of our recently acquired 'dependencies,' it occupies a peculiarly anomalous position as to be a constant source of perplexity. The President is now of the opinion that we have given the Porto Ricans a little too much independence, though we have not rid ourselves of responsibility for them. His message on this subject to Congress presents a rather curious problem of administration, for which neither the Constitution nor previous experience furnishes a ready solution."

THE NEWS FROM ARCHER.

School Has Closed After Very Successful Term—Personal Notes.

ARCHER, May 14.—Mrs. W. L. Jackson is expecting her son, W. F. Winecoff of Atlanta, Wednesday afternoon. He will be here about a week. Archer is very proud of this distinguished gentleman, as he was born and reared here, is a millionaire, one of the most prominent business men of Atlanta and has the finest home in the South.

Mrs. Hodgson of Jacksonville and sister, Miss Jennie Haden of Cedar Key, are the guests of the former's nephew, R. B. Hodgson.

W. C. Beach and Miss Selma Johnson were married at the home of the bride's parents Sunday afternoon at 3 o'clock, Rev. H. H. Newman, our Presbyterian minister, officiating.

The young people of Archer gave quite an enjoyable dance at the hall Wednesday evening. Among the out-of-town guests were Mrs. Bailey, Misses Bailey, Kite, McManus and Strickland of Waldo, and Mr. and Mrs. Ed Jones and Miss Carrie Perry of Gainesville. Music was furnished by Waldo band.

All of our depot agents have suddenly become baldheaded. What is the matter?

Dr. S. D. Rice, out popular physician, left Wednesday for a short visit to his mother, Mrs. B. F. Rice, at Montvale, Va. He will return via Richmond, Va., where he will attend the commencement exercises of the Medical College of Richmond. Hope we won't have any illness while he is away, as we have become so attached to him that we would not like to have to call in another physician.

Mrs. W. W. Carman, who has been ill so long with typhoid fever, is slowly improving.

Mrs. W. L. Jackson was our delegate to the missionary society of the Presbyterian Church at Live Oak this week.

F. Donald Phillips visited his parents at Meredith Thursday evening.

Misses Aleen and Louise Powell and Miss Lucy Wood are visiting the Misses DePass at Gainesville this week.

Fred Frei, who is attending the University at Gainesville, came down Thursday evening for a short visit to his parents.

Joe Sales, one of the efficient telegraph operators of the S. A. L., has been transferred to Williston.

The Crown Bottling Works, under the management of C. D. Wood and Mr. King, has installed a power ice cream machine, and will make cream for shipment.

Miss Elsie Smith was shopping in Gainesville Wednesday.

Mr. and Mrs. H. Maddox and little son, Chase, went up to Gainesville Wednesday morning in their old White Steamer. While there Mrs. Maddox and R. O. Albright, who is just learning to run the White Steamer, went over to Newberry, which is a distance of eighteen miles, Wednesday afternoon. They made the trip over there in an hour and a half and thought they were doing fine considering neither had ever run a car before. They left Newberry on the return trip at 3 o'clock, thinking they'd be in Gainesville in a short time. Mr. Maddox waited until 5 o'clock, thinking they'd arrive every minute, then decided to hunt them up. He found both waiting very patiently at the foot of a hill about six miles out from Gainesville. The packing had blown out and they not knowing what to do, had decided to make themselves comfortable for the night. With a piece of barbed wire, and after several unsuccessful attempts to fasten the old car on to Mr. Maddox's new White Steamer, which they finally succeeded in doing, Mr. Maddox proceeded to take the old car with it's two woe-begone-looking amateur chauffeurs, into Gainesville.

We are not quite so fortunate in having a first-grade high school—only have second grade. Owing to this instead of commencement exercises our school completed its year's work yesterday by enjoying a very pleasant day at Blue Pete. After the happy crowd had gathered order was called and Rev. H. H. Newman, our Presbyterian minister, with a very impressive talk presented the certificates to the four young ladies who have completed the work in our school—Misses Mary Frei, Grace Hughes, Lola Tuten and Leila Anderson. This has been a very successful year in this school due to Mrs. Charlotte Baldwin being our efficient and competent principal, with her daughter, Miss Florence Baldwin, in the intermediate department, and Miss Mary Berl... in the primary, both of whom have done splendid work in their departments.

HENSON NOW RELEASED.

Gave Bond Friday for His Appearance at Next Term of Court.

J. F. Henson, the young white man who is charged with assault with intent to murder, the same having occurred at Wilcox, was brought here Friday by Deputy Pruton.

He was accompanied by his brother, wife and other relatives, who readily gave bond for his appearance at the next term of court, he having secured Col. Gornto of Jacksonville to defend him.

In his case of larceny at Jacksonville the jury failed to agree and he is out on bond from that county under the same bondsmen.

Beautiful Spanish Dancer Gives Praise to Pe-ru-na.

NERVOUS prostration is usually the result of a vocation which requires a continual strain on the nervous system.

In such cases it would be wise if a change of vocation could be made.

But this is not always possible and a good tonic becomes a necessity.

Peruna is a tonic that invigorates without producing a drug habit.

Peruna is not a beverage nor a bitters, but an honest, straightforward tonic that increases the appetite and encourages digestion.

There is a great demand for tonics during the depressing heat of summer, and especially in countries where hot weather is very prevalent.

Such a demand is exactly met by Peruna.

Miss Pilar Monterde Praises Peruna as a Tonic.

A letter sent to the Peruna Drug Mfg. Co., from the popular Spanish dancer, Miss Pilar Monterde, is as follows:

Teatro Principal, City of Mexico, Nov. 3, 1905.

The Peruna Drug Mfg. Co., Columbus, Ohio, U. S. A.

Gentlemen: Having used your justly celebrated remedy, "La Peruna," for some time, I have the pleasure of informing you that I consider it the best tonic I have ever used.

It is a wonderful fortifier of the nerves after exhaustion and it increases the vitality of the whole body, and in my own case has produced the most complete and permanent restoration. It is also pleasant to the taste.

I do not hesitate, therefore, to recommend this remedy to all women as the best and most pleasant tonic that they can possibly take.

Yours very truly, (Miss) P. Monterde.

THOUSANDS OF BACHELORS WANT WIVES

ALL ARE GOOD HEARTED, KIND AND AFFECTIONATE.

Majority Would Marry the Right Kind of Girls and Provide Them With Comfortable Homes.

SPOKANE, Wash, May 14.—There are fully 2,000 healthy and fairly well-to-do young bachelors in the Inland Empire, taking in parts of Eastern Washington and Oregon, Northern Idaho, Western Montana and Southeastern British Columbia. They want wives—that is, if they can find the right ones. All of them are goodhearted, kind, affectionate and capable of real love. They say so in letters to Levi Grant Monroe, secretary of the Spokane Chamber of Commerce, who became interested in the movement when Rev. D. D. Vaughan, pastor of the Halsted Street Institutional church, Chicago, announced that more than 200 girls belonging to his congregation would marry "honest men who can make clean money."

"What appeals to me most," said one of the eligibles, "is the fact that the girls are looking for real homemakers. They seem agreed that wealth, talent or swell clothes are not absolutely necessary, but that they want clean men, who are not afraid to work. There are hundreds of strapping young men, full of vim and vigor, in our forests, mines and railroad camps, grain fields, orchards and factories. All of them have had school advantages, and not a few are college men. The majority would marry the right kind of girls and give them life partnership in good homes."

While Mr. Monroe has no desire to figure as Cupid's messenger, he will, however, forward the bachelors' letters to Rev. Dr. Vaughan at Chicago, in the hope that the girls may find their ideal men, as described in responses to the Chicago minister's circulars. Mr. Monroe said this is not to be taken to mean that girls in cities and towns in Eastern, Middle Western, Southern and Pacific Coast States or any part of Canada are barred.

"Nothing of the kind," he added. "The bachelors are here; there are 2,000 of them, and they want wives."

AWFUL RASH ALL OVER BOY'S BODY

Weeping Eczema Kept Spreading on Little Sufferer—A Score of Treatments Prove Dismal Failures—Grateful Father Tells of

CURE ACHIEVED BY CUTICURA REMEDIES

"It gives me great pleasure to express my deep gratitude in appreciation of the incalculable benefit that the Cuticura Soap, Ointment and Resolvent did my little boy. He had an awful rash all over his body and the doctor said it was eczema. It was terrible and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. When people see him now they ask, 'What did you get to cure your baby?' and all we can say is, 'It was the Cuticura Remedies.' So in us Cuticura will always have firm and warm friends. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., September 26 and November 4, 1907."

MILLIONS OF PEOPLE

Rely on Cuticura Remedies.

Millions of the world's best people use Cuticura Soap and Cuticura Ointment, assisted, when necessary, by Cuticura Resolvent (liquid or pills) for preserving, purifying and beautifying the skin, for eczemas, irritations and inflammations, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for baby rashes, itchings and chafings, and many sanative, antiseptic purposes which readily suggest themselves to women, as well as for all the purposes of the toilet, bath and nursery. Guaranteed absolutely pure.

Cuticura Soap (25c.), Ointment (50c.), Resolvent (50c.), and Chocolate Coated Pills (25c.), are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston.

COLORED UNION PICNIC.

Will Be Held at the Base Ball Park Next Monday.

The colored Sunday schools of the city have combined to have a big day, in this city next Monday, when they will give a grand union picnic at the base ball park, and propose to have plenty of fun and amusement for all who attend.

The program as arranged by the committee will consist of sack races, basket ball, wood-cutting contest, bottle barbecue, and other amusements for the pleasure and delight of all.

Rev. T. H. B. Walker, who has been successful in engineering the scheme, together with the committee, promises the colored population one of the best times of their lives and at the same time will save them the extra money that would be spent for car fare and carriage hire.

Killed Negro at Turpentine Camp.

THOMASVILLE, Ga., May 14.—As the result of a shooting affray at Way's turpentine still yesterday Charles Bryant, a negro, will probably die. The trouble was caused by a dispute between Mr. Mills, woodsman in charge, and Bryant, who is chopper, in regard to the time for dipping a certain lot of turpentine. The negro started towards Mr. Mills with a large dipper with the evident intention of striking him. Mr. Mills fired at Bryant with the intention of stopping him, but hit him in the shoulder. This seemed only to infuriate the negro and he rushed towards Mills, who then shot to kill. The bullet passed through the negro's body, only missing the heart by an inch.
